

## **Lending Data Assignment:**

1. Drop all the null values
2. Replace the '-' value with the column mean
3. Encode Lender asset size into 0,1,2
4. Replace '.' with column mean
5. Replace Rank Column 'NR' Values with '0' Rank
6. Make sure that except for 'Name of Lending Institution' and 'HQ State,' the rest of **the columns must be in Int or Float Format.**
- 7. Finally, Save the cleansed file into CSV Format**

Do all the above for operations only for Sheet -1 in Lending Data.xlsx File
